

# A great year for Alex

*Never a dull moment in Alex's life on the track, sometimes literally*

**F**ifteen year old Alex Gault has been proud to have been sponsored by MAGSport for many years and was overjoyed to have been able to win the coveted CB500 CUP for them this year as MAG stepped up their backing and became title sponsors for his attempt to lift the CB500 crown.

After winning the CB Championship the team surrounding Alex made a unanimous decision to stop racing for the rest of the year and concentrate on 2007.

The team manager commented "We have had a very successful season and Alex's results prove we can afford to race at that level. Funding plays a very big part in racing and in 2007 we take Alex into a much more competitive and expensive class. After talks between all concerned, we took a decision. Rather than waste time and money where there was no more to be gained, we have

withdrawn from all other racing that we had intended to compete in for the rest of this year. We are now going to put all our efforts into next year's plans to the point where I am very glad to say we are already ahead of schedule and in the strongest position we have ever been at this time of the year."

Alex now plans to contend the inaugural MotoStar GSXR Trophy, an 8 round Championship which is to take place around the British Isles from April till September 2007. This is billed to be one of the most exposed race series in the media and will also be one of the most hotly contested series to be run in Britain.

If Alex is successful in this series it will lead directly to the 2008 British Super Bikes Championship. The team is now looking to attract a title sponsor for that championship and any interested parties can contact them through Alex's dedicated web site at

[www.minimotoracer.com](http://www.minimotoracer.com)

Alongside the GSXR Trophy, everything else is falling into place. The guys at YPE "Scotland's Number 1 Dyno Centre" were pleased with the way things went last year and Alex will again be part of the YPE POWER TEAM in 2007.

As part of the GSXR Trophy Championship Alex will campaign a new Suzuki GSXR 600 K6 in the Scottish production 600. This looks like being the fiercest challenge in any club championships in the UK. Bike preparation is already underway with the bike being made identical or as close as possible to the bike he will use in the MotoStar / GSXR Trophy series.

In other news relating to next year's plans for the team, we know they have just invested in a brand new hospitality unit which will follow the team to most of the race meetings next year. Though we are there to win races and look after bikes, with the team growing we find ourselves with other responsibilities and entertaining sponsors now plays as big, if not a bigger part in racing as bike preparation. Alex said, "I think it's really cool and it'll be great to be able to have somewhere my supporters can enjoy a race day in comfort."

Now everything depends on the level of support we can raise and if everything goes to plan we hope to start testing in late February / early March, which would get Alex up to speed in plenty of time for the start of the season. Alex and the team would like to thank everyone who played a part in 2006, it was a really good year. Lets hope 2007 is as successful.

Alex said, "This year has been fantastic and I would really like to thank all those who have helped. I know it's a bit of a roll call and please excuse this but their help has meant so much to me.

Trevor and all at MAG & MAGSport, YPE Power Ltd, M-Tech, Vemar, and W2.

Dave at Specialised Coatings, Wil at WIZ, Scott-Fibres, Wilbert at The Minimoto Shop & ZPF Minibike, Loctite & Duck Tape, Robert at Dream Sofas and John

and Colin at JMT. Geoff Coxon, Mick Holden and Stuart Trangmer, Chris Wrigley, William and Gillian, Garry & Vikky, Derek, Steve, John & Chris. Last I have to thank my family for the effort and money they have put in.

I am really looking forward to next year, I can't wait to get out on the 600. It looks like it might be over to Europe for testing in early March. If anyone would like to join or think they can help our team in any way, please contact me through my web site at

[www.minimotoracer.com](http://www.minimotoracer.com)

Thanks Again and I hope you all have a Merry Christmas and an Excellent 2007."

Alex
